

CONCEPT PRESENTATION • MUNICIPALITY OF JEDDAH

Jeddah Motor District

An integrated automotive destination: retail, experiences, heritage and events in one district

[Date] • [Presenter name, organisation]

THE VISION

More than an automotive retail destination

**BUY & MAINTAIN**

Brand showrooms, test drives and a dedicated light-service and spare-parts village in one place.

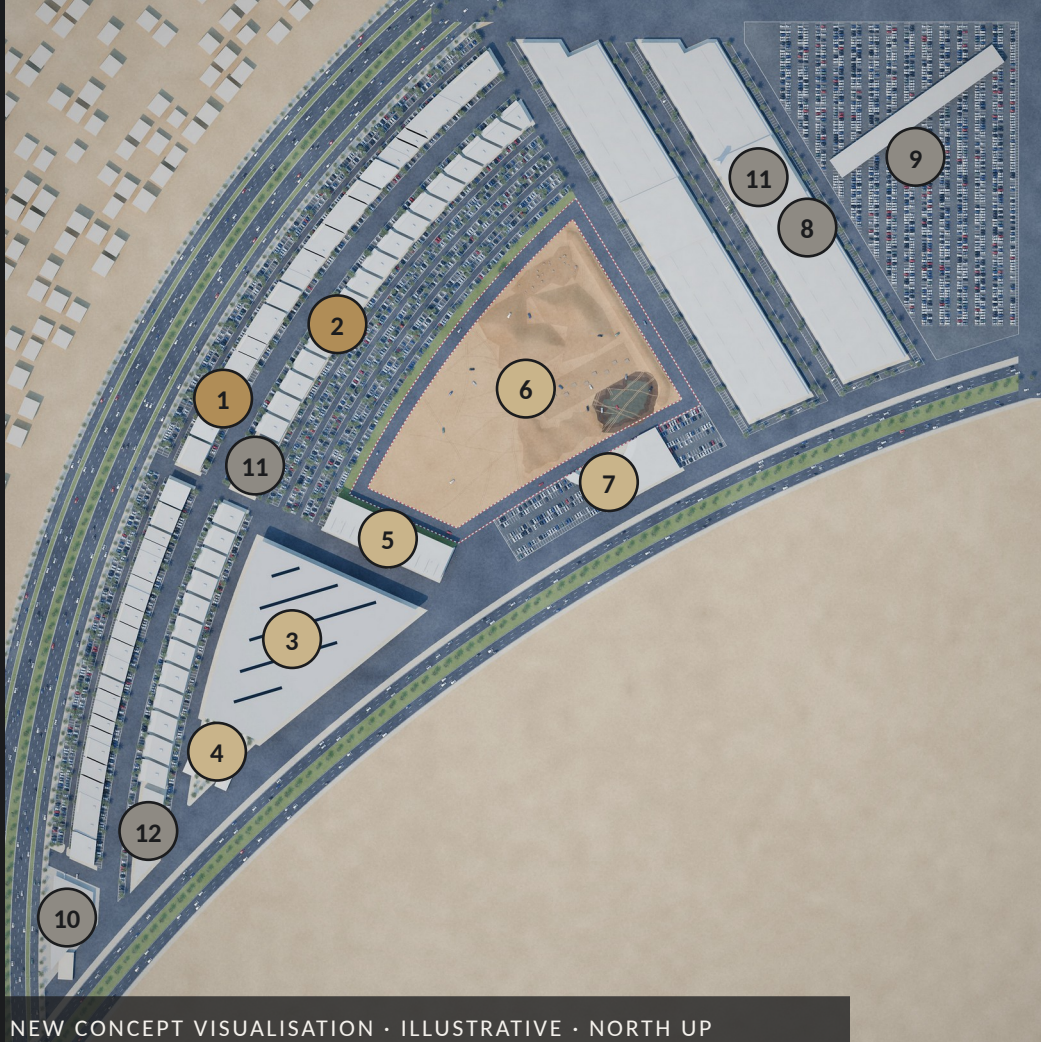

EXPERIENCE & LEARN

Off-road driving, simulators and automotive heritage, open to visitors who are not buying a car.

GATHER & CELEBRATE

A flexible arena, launch plaza and Collectors' Club for launches, exhibitions and events.

One district, three kinds of place

FRONTAGE ADDRESS

The showroom row lines the main-road frontage, set behind customer parking and a landscaped verge.

ACCESS FROM TWO SIDES

The front road serves visitors and showrooms. The south-east road serves events and operations.

PARKING AT EACH DESTINATION

Parking bays are distributed between the rows and next to the arena, test-drive centre and service village.

FOR DISCUSSION Access points, junction arrangements and event-day traffic require a traffic impact study and municipal coordination.

A coordinated frontage of brand showrooms

ONE FRONTAGE, MANY BRANDS

52 showroom units in standard, premium and flagship sizes, joined by one plinth, roof line and shading canopy.

CUSTOMER PARKING AT THE DOOR

Each showroom faces its own parking bay and the frontage service drive.

Brand expression within one district language

VERTICAL LOUVRE + MINIMAL

Bronze fins shade the glass; a minimal neighbour sits beside it.

CONTEMPORARY FRAME

A protruding stone portal marks a flagship or premium brand.

STONE & GLASS

A solid limestone pier balances a fully glazed display.

SHARED BY EVERY SHOWROOM common plinth · roof edge and front canopy · bronze corner blades · graphite brand band (left blank for each brand) · limestone-tone side walls

Shaded retail facing the showroom row

BEHIND THE SHOWROOMS

29 units for automotive accessories, brand lifestyle and design stores, cafés and food & beverage.

CONTINUOUS SHADE

A 5.5 m deep arcade on slender bronze columns provides shaded walking along the whole row.

OPEN TO ALL VISITORS

People can visit without buying a car, which keeps the district active through the day and evening.

The stories behind the brands

NEW CONCEPT VISUALISATION · ILLUSTRATIVE

HERITAGE, NOT SALES

A museum path through the corporate achievements of automotive companies: founders, milestones and collected cars.

CURATED CONTENT

Milestone panels and display cars are shown blank here. Content is to be curated with the brands.

LOCATION

[To be confirmed: it is not located on the current drawing. Options include the arena complex or next to the Collectors' Club.]

Experience driving many different cars

FOR EVERY VISITOR

Multiple simulators let visitors experience driving specific cars, from a supercar to an off-roader or a city car.

COMPETITIVE & SOCIAL

Rows of rigs, a feature 360° pod and a lounge support sessions, leagues and corporate events.

Three ways to use the district

1 CUSTOMER JOURNEY

Arrive on the frontage, compare brands along the showroom row, test-drive on and off road, then use the service village.

2 FAMILY DAY OUT

Park by the retail row, walk the shaded arcade, visit the club gallery and attractions, finish at the launch plaza.

3 EVENT NIGHT

Arrive from the south-east road, gather on the plaza, enter the arena, then continue to the club.

FOR DISCUSSION Pedestrian routes, crossings and event-day separation of visitors and service traffic.

Location options under consideration

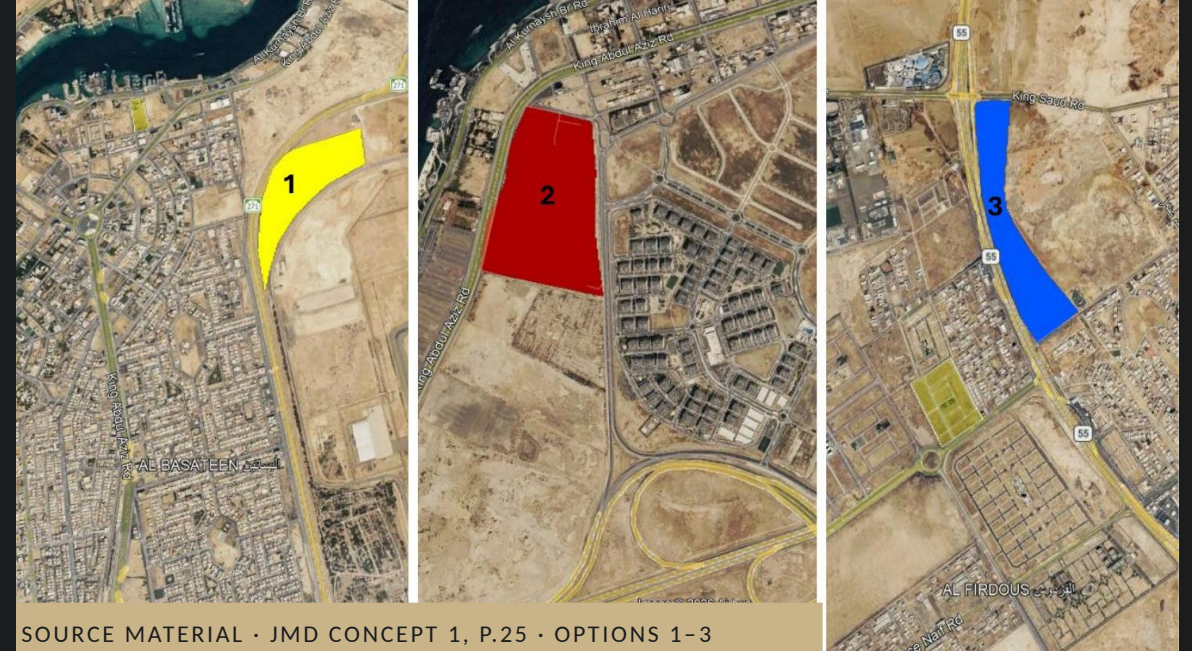

OPTIONS, NOT DECISIONS

Three candidate locations were identified in the concept material. No site has been selected or approved.

ADAPTABLE CONCEPT

The district concept (components and relationships) can be adapted to the selected site.

NEXT STEP

[Confirm the preferred site, its boundary and area, then re-fit the layout.]

MATTERS FOR MUNICIPAL COORDINATION

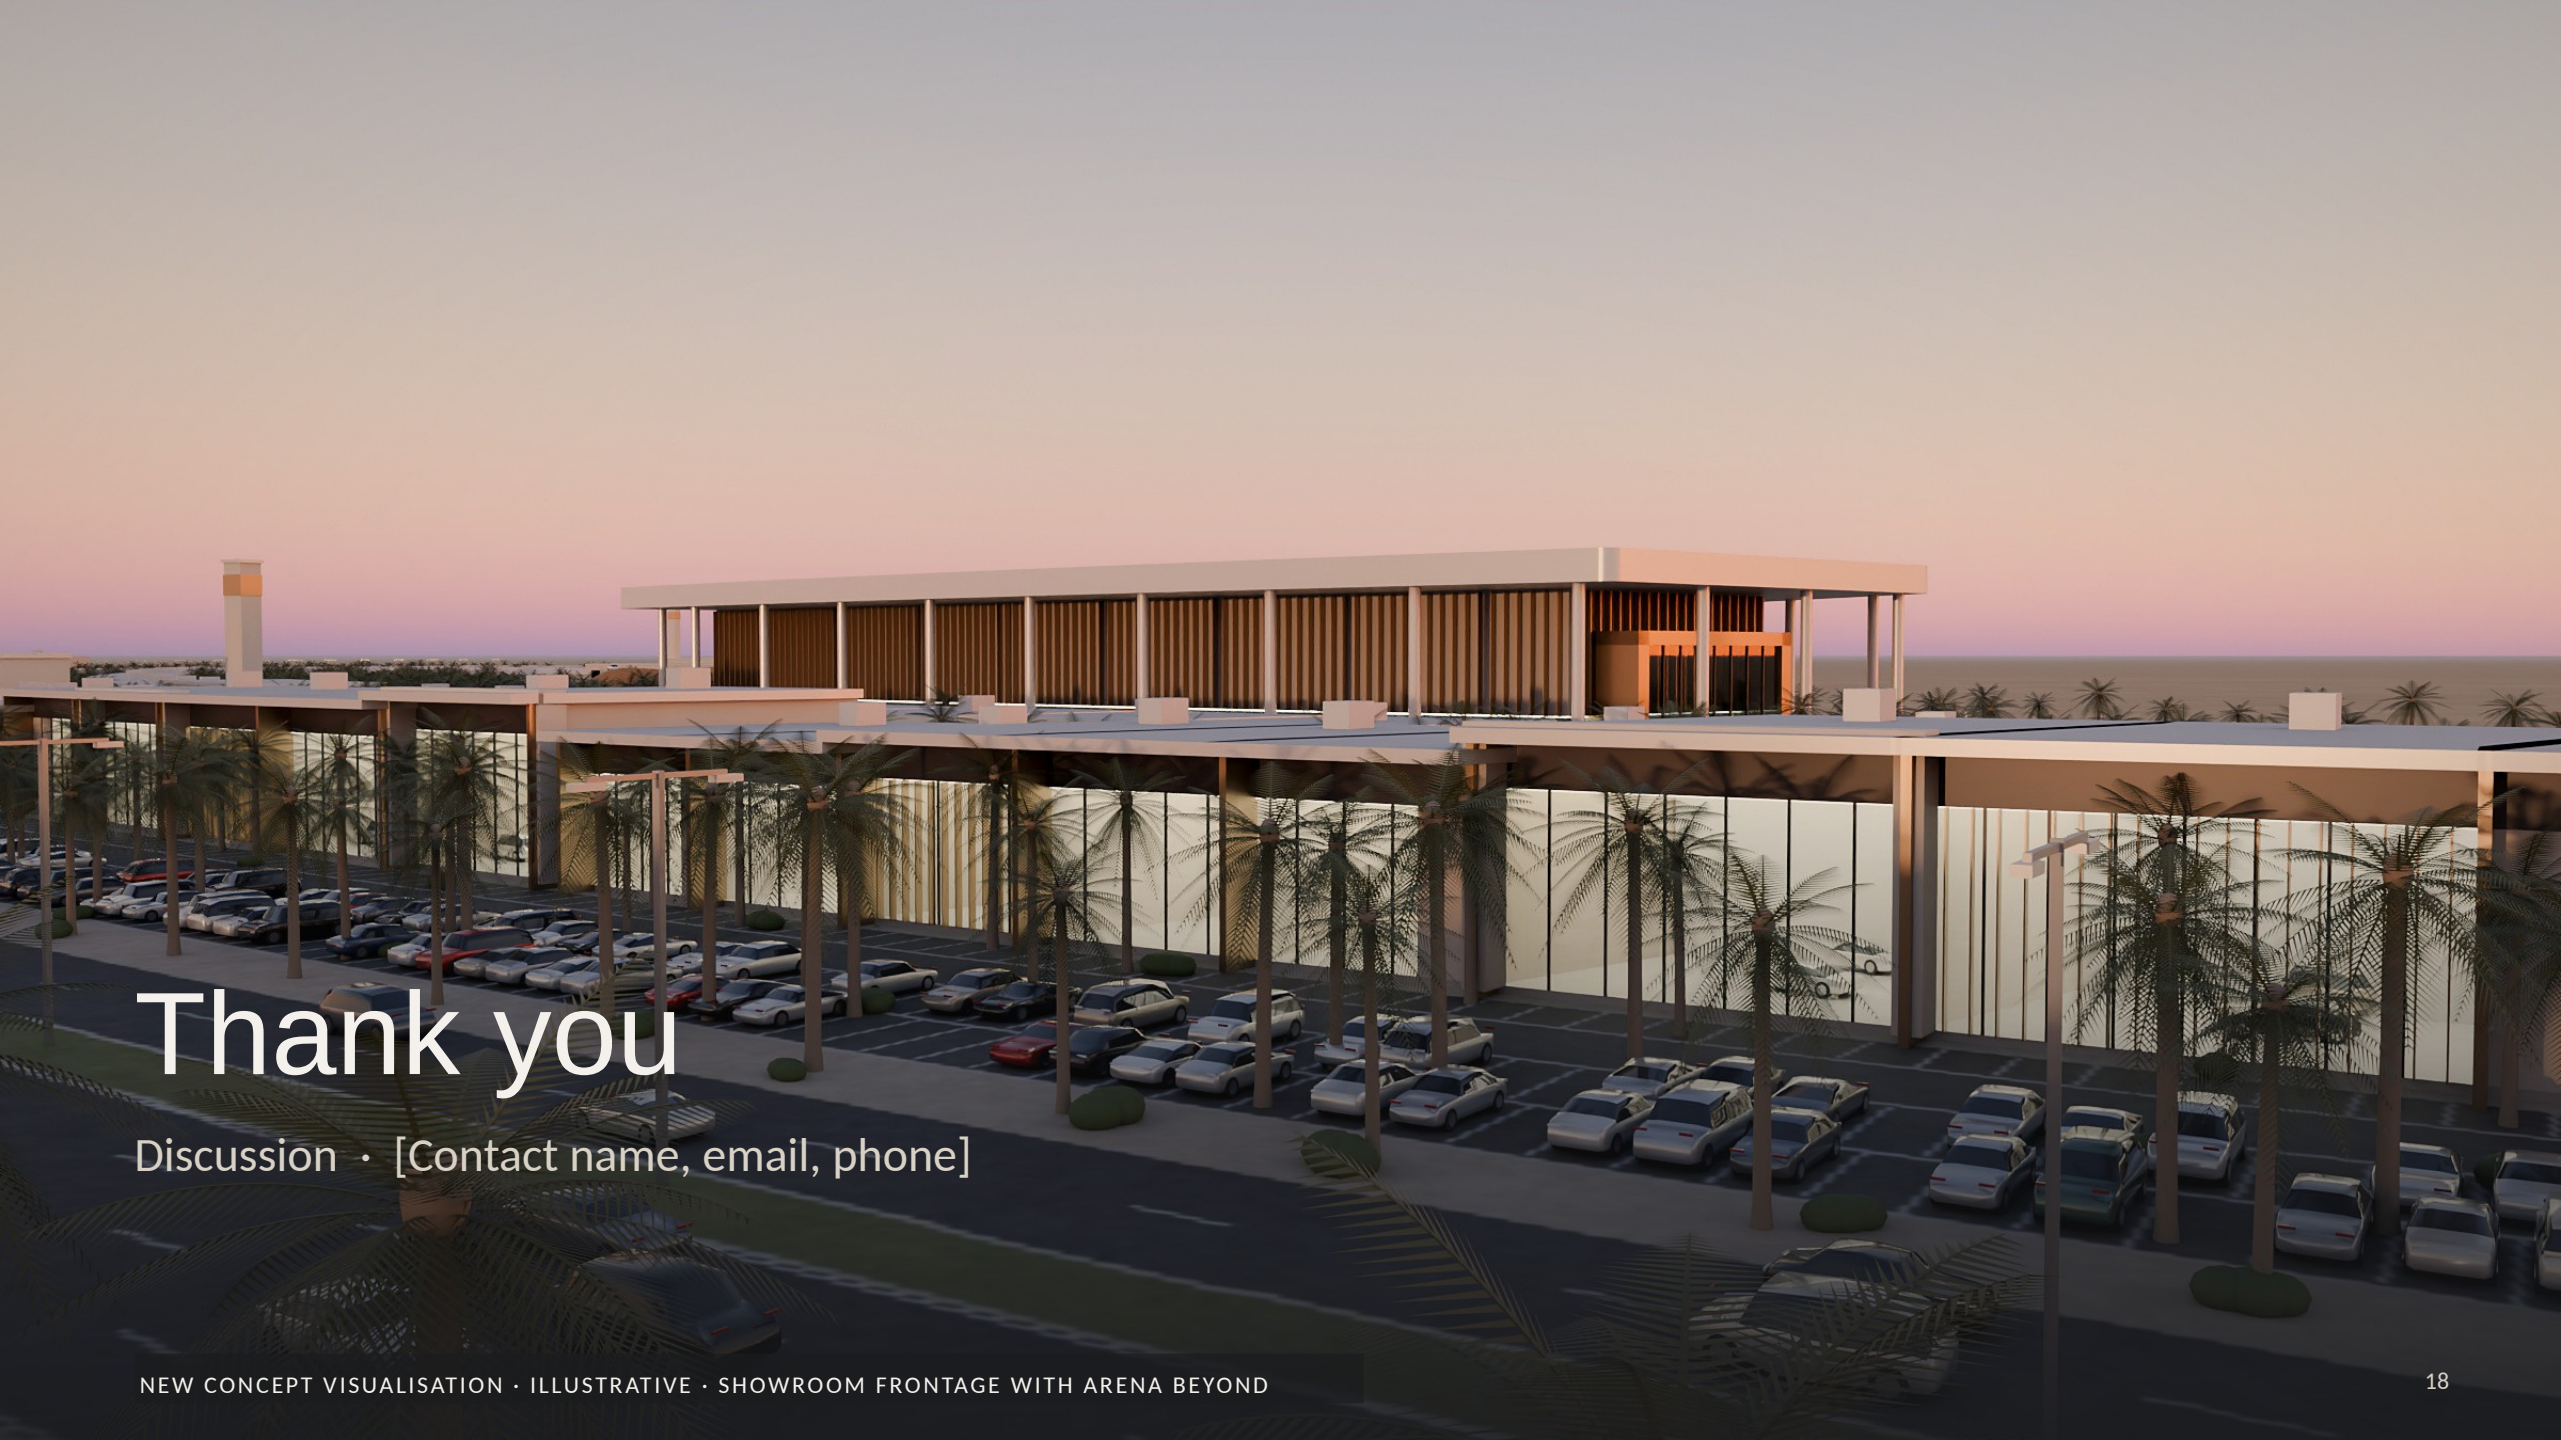

- 1 Site selection, boundary and land use
- 2 Access points and traffic impact
- 3 Parking provision and event-day management
- 4 Public realm, shade and pedestrian safety
- 5 Utilities and infrastructure interfaces
- 6 Off-road dust, noise and safety
- 7 Programme phasing

Discussion topics, not completed assessments.
